A REAL AID TO TEMPERANCE

Some of the brightest minds living hold that the use of beer is conducive to temperance. Arthur Brisbane, the brilliant editor of the New York Journal, says, “Many earnest men who desire drunkenness, temperate and thoughtful men, believe that the greatest worker for temperance in the man who brews a good, pure beer or grows light natural wines, and fight through the use of mild and relatively harmless stimulants.”

DRINK TIPTERARY BEER

It is good, pure beer. More than being harmless, it is highly beneficial. It is nutritious and strengthening and an excellent tonic. Better order a case.
